

REGISTER TO VOTE

There are four ways to register to vote in New Hampshire.

Each requires proof of identity, age, citizenship, and where you live. If you do NOT have documentation proving one or more of these things, you may sign an official form (affidavit).

-Register to vote at the town (or city) clerk's office up to 6-13 days before any election

-Register to vote with your local Supervisors of the Checklist

- Supervisors of the Checklist are required to meet at designated times to accept registrations and changes in party affiliation.
- These times are posted in the town office and other public places (*be specific about where*).

-Register to vote on the day of any election, at the polling place

- This will take extra time. Look for the voter registration table.

-Register absentee, by mail

- Voters who are unable to register in person because of physical disability, religious reasons, military service, or absence from their town, may register by mail. "Disability" includes people with health circumstances who are advised by medical authorities to avoid going out in public. This includes voters with symptoms of a communicable disease or illness and those who, because of their own health circumstances, limit public exposure in their day-to-day life as a preventative measure.
- Request an absentee voter registration packet from your town or city clerk.
- The absentee voter registration form must be witnessed by another person. Both forms are to be returned to your town or city clerk.
